

BlackBelt™ 1st Degree Rugged Case for HP ElitePad 10" — Black

The Best Value in Tablet Drop Protection

K97314WW

Product Description

For many people, the tablet has become just as important to everyday life as the smartphone. It's also becoming more popular in the office as a productivity tool. But accidents happen and tablets need to be protected in order to avoid costly repairs and downtime. That's why we designed the BlackBelt 1st Degree Rugged Case. It surrounds the HP ElitePad in a strong, cushioned layer of rubber for total protection when the inevitable drops and bumps happen. The rubberized surface offers great grip so it's easy to hold onto and prevents the tablet from sliding off a table or desk. All these features not only protect your investment, but also your greatest asset — time. One part of the ElitePad that's particularly vulnerable is the corners, so the BlackBelt 1st Degree Rugged Case is designed with extra thick protection in those areas. A raised bezel helps prevent screen scratches. Even with all this protection, the BlackBelt 1st Degree provides access to all ports, controls and cameras for easy charging and syncing.

Features

- Strong, cushioned layer of rubber provides all-around protection against drops and scratches
- Rubberized texture makes it easy to grip and prevents it from sliding off a table
- Unobstructed port openings for easy access to controls, cameras and connectors
- Raised bezel protects screen
- Fits into Charging Cabinets with bays 20mm and larger
